

20% MORE PASSENGERS - AIRBALTIC RESULTS IN NOVEMBER

News / Airlines

airBaltic has transported a total of 4 691 594 or 22% more passengers during the first eleven months of 2019 than in the same period last year to its network spanning Europe, Scandinavia, Russia, CIS and the Middle East. In November 2019, 346 369 passengers traveled with airBaltic and it was a 20% increase compared to last year.

Martin Gauss, Chief Executive Officer of airBaltic: “2019 has been a very strong year for airBaltic, and the first month of the new winter season demonstrates that. While continuing our sustainable growth path, in four years we have nearly doubled the number of passengers served and further increased connectivity of both Latvia and the Baltics.”

During the first eleven months of the 2019 *airBaltic* has operated 57 962 flights. During November 2019, *airBaltic* operated 4 504 flights or 3% more than in November 2018. The airline's load factor, which represents the number of passengers as a proportion of the number of available seats, during the first eleven months of 2019, was at a level of 76%, but in November 2019 – 72%.

The 15-minute flight punctuality indicator for *airBaltic* during November 2019 reached a level of 90%. This means that more than 90 out of every 100 *airBaltic* flights departed at the planned time or with a delay of no more than 15 minutes.

	November, 2019	November, 2018	Changes
Number of passengers	346 369	289 563	+20%
Number of flights	4 504	4 374	+3%

Load factor	72%	64%	+8 percentage points
15-minute flight punctuality indicator	90%	92%	-2 percentage points
January – November, 2019 January – November, 2018 Changes			
Number of passengers	4 691 594	3 842 949	+22%
Number of flights	57 962	51 791	+12%
Load factor	76%	76%	0 percentage points
15-minute flight punctuality indicator	86%	88%	-2 percentage points
