

HEADING FOR SAINT-BARTHÉLEMY: CORSAIR EXPANDS ITS NETWORK THROUGH A PARTNERSHIP WITH AIR INTER ILES BY ST BARTH EXECUTIVE

News / Airlines, Business aviation

Corsair and Air Inter Iles by St Barth Executive are pleased to announce a new exclusive partnership, allowing travelers from France to benefit from a simplified connection to Saint-Barthélemy from December 15, 2024. Thanks to this collaboration, the Corsair airline is expanding the number of services from Paris-Orly. From December 15, 2024, Corsair customers will be able to extend their trip to Saint-Barthélemy with fast, personalized transfers by private plane from Pointe-à-Pitre.

Already available on the Corsair website, this offer allows customers to benefit from a preferential end-to-end fare, with a single booking: passengers departing from Paris-Orly will be able, with a single ticket, to be routed to Saint Barthélemy, doing their first leg on Corsair and the second on Air Inter Iles by St Barth Executive. Passengers will benefit from optimized connection times, simplified baggage handling, and an upscale travel experience combining speed and comfort.

What's more, passengers will be able to enjoy the comfort of two state-of-the-art fleets featuring brand-new aircraft: Corsair's fleet, which will be completely renewed by the end of 2024, will be made up of 9 A330neo aircraft with an average age of two years, while Air Inter Iles by St Barth Executive's fleet is made up of brand-new Tecnam P2012s, with the latest standards of comfort.

On board the Airbus A330neo, a latest-generation aircraft with significantly improved environmental performance, passengers will enjoy unrivalled comfort, with 180° reclining seat-beds in Business class, Wi-Fi access throughout the flight and a state-of-the-art entertainment system, with extensive programming and connectivity tailored to individual needs.

Martine Haas, Corsair Commercial Director commented: “Thanks to this partnership with Air Inter Iles by St Barth Executive, we are enhancing our offering by allowing our customers to easily reach Saint-Barthélemy, via Pointe-à-Pitre, a popular destination particularly at the end of the year. This agreement is a much-awaited addition to our portfolio of partnerships, and illustrates our determination to offer customized travel solutions to meet our passengers' expectations in terms of flexibility, comfort and fluidity.”

Vincent Beauvarlet, President of Saint-Barth Executive stated: “This partnership with Corsair is part of our ambition to efficiently connect St. Barts to the rest of the world while offering a seamless, upscale travel experience. We are proud that our shuttle service, Air Inter Iles by St Barth Executive, and our versatile fleet have been recognized as key elements of this collaboration. This alliance confirms our development strategy and our commitment to offering reliable air transport solutions tailored to travelers' requirements.”
