

SMARTLYNX SIGNS DAMP LEASE AGREEMENT WITH LEISURE AIRLINE JET2.COM

News / Airlines

In December 2017 SmartLynx signed a long-term damp lease agreement for 2018 with British leisure airline Jet2.com Limited.

According to the agreement between SmartLynx Airlines Ltd. and Jet2.com, SmartLynx will damp lease one aircraft Airbus A321 with Latvian Registration mark YL-LCV /MSN 2216 to Jet2.com from 15 May until 31 October 2018. The aircraft will operate from the base in Birmingham Airport (BHX), UK. Smartlynx has taken delivery of YL-LCV 15 December 2017 from Macquarie Airfinance Acquisitions Ltd. (Ireland) with aircraft redelivery date 30 November 2019.

Seating configuration of the aircraft – 220 Y all economy, MTOW 93.5 t.

Aircraft will fly to holiday destinations such as Rhodes, Tenerife, Lanzarote, Larnaca, Palma de Mallorca, Menorca, Ibiza, Malaga, Fuerteventura etc.

SmartLynx had a successful collaboration with Jet2.com in 2017, and is looking forward to strengthening it even further.

SmartLynx Airlines was founded in 1992 as a private airline and is the leading full-service ACMI (Aircraft-Crew-Maintenance-Insurance) provider on Airbus 320 in the EU with headquarters in Riga. Latvian and Estonian air carrier certificates have been granted to the airline. Being an EU airline, SmartLynx Airlines complies with international quality standards IOSA and EASA, and has

access to the free route airspace.

SmartLynx Airlines specialises in providing leasing of its Airbus A320 fleet, as well as ensuring full charter operations for its home markets in Latvia and Estonia, predominantly in the leisure market. It also provides flight crew training.

The airline's fleet consists of 13 Airbus A320 aircraft and 1 Airbus 321 aircraft, which ensure flights in Europe, Asia and Africa. SmartLynx flight crew members represent 17 nationalities, and on average its captains have more than 5,300 block hours and first officers more than 1,900 block hours of experience.

Overall the number of passengers transported by SmartLynx is rapidly increasing every year — in 2015 it reached 1.6 million, and in 2016 – 1.9 million. The company is rapidly growing and in 2016 its turnover increased by 18%, reaching EUR 108.4 million.
