COMLUX AMERICA WELCOMES 12TH VIP INTERIOR COMPLETION

News / Business aviation

Comlux The Aviation Group is pleased to announce that Comlux America LLC, the Completion and Service Center based in Indianapolis IN, signed their 12th VIP interior completion for a BBJ 737-700IGW aircraft. The aircraft officially input into the Indianapolis facility in January and is scheduled to take approximately 14 months to complete including exterior paint. This Boeing Business Jet completion is for a private customer based in the Far East.

The VIP interior of the BBJ features a large First Class area along with a separate Dining Area and Master Suite. The cabin will be designed by Comlux Creatives, which is the interior design enterprise of Comlux the Aviation Group also located in Indianapolis. The design will have a contemporary flare and the customer has requested a high degree of contrast in the colors so there will be varying shades of dark and light hues throughout with small pops of vibrant colors artfully commingled and integrated.

The First Class, Dining and Master Bedroom/Lavatory with oversized rainfall shower, will feature CMS controlled electric window shades, HD wide-screen video monitors up to 50”, streaming AVOD content available to 16 IPads as well as a high-end LED mood and wash lighting system. For additional comfort, the BBJ has the capability to allow for up to 15 full flat sleeping positions.

The aircraft will be certified for 19 TT&L seats with an additional 3 seats for cabin crew, 5 additional non-TT&L positions for private FAA Part 91 Operations.

“We are very proud to have another new and prestigious client entrusting Comlux with this nose-to-tail VIP completion contract,” stated Arnaud Martin, Comlux the Aviation Group’s Executive Vice President. “*The experience level at Comlux America, coupled with the recent endorsement by the Boeing Business Jet office as an approved warranty center, further validates Comlux as a growing and global company, which the signing of this new BBJ completion also demonstrates.”*

Comlux The Aviation Group is one of the leaders in business aviation, operating worldwide with the highest standards of safety and quality. Beyond VIP charter operations, Comlux offers a comprehensive set of services to VIP customers who wish to have their own aircraft managed personally and professionally. This includes exclusive aircraft management, sales and acquisitions, cabin design and completion as well as maintenance and engineering services.
