

FLYEXCLUSIVE RECOGNIZED AS THE PREMIER PRIVATE AVIATION PARTNER OF PARDO YACHTS

News / Business aviation

flyExclusive announced a multi-year partnership with Pardo Yachts, becoming the Yacht builder's premier private aviation partner. The partnership is designed to serve a shared clientele that values design, performance, and effortless mobility across both air and sea. Together, flyExclusive and Pardo will deliver curated travel experiences, private events, and integrated destination access that extend beyond traditional transportation.

Jim Segrave, Founder, Chairman and CEO of flyExclusive commented: "Pardo is an iconic global brand that represents the pinnacle of the luxury yacht builders. This partnership is about experience, not just transportation. Our customers already expect exceptional service in the air. Partnering with Pardo allows us to expand that same standard of precision and design-driven thinking into how they arrive, explore, and experience destinations, creating a luxuriously blended travel experience beyond our fleet of aircraft."

Dave Clark, US Managing Director of Pardo Yachts stated: "flyExclusive is a natural partner for

Pardo. Our clients value performance, design, and seamless experiences, and this collaboration allows us to extend that mindset beyond the yacht - creating a truly integrated air-to-sea lifestyle.”

In July, flyExclusive enhanced its Fractional Ownership and Jet Club Membership offerings by introducing the cornerstone of the partnership - its Amphibious Caravan service, which enables direct access to private beaches, islands, and waterfront destinations across South Florida, the Bahamas, and the Caribbean. The capability allows clients to transition seamlessly from private aircraft to yacht-accessible locations without reliance on traditional airport infrastructure.

Through the partnership, flyExclusive owners and members will receive privileged access to select Pardo Yachts experiences, while Pardo clients will be introduced to flyExclusive’s fractional ownership and Jet Club programs through invitation-only opportunities and bespoke travel offerings.

As part of the collaboration, flyExclusive and Pardo plan to host and participate in a number of co-branded events and destination experiences throughout the year, including major cultural and sporting moments, like the FIFA 2026 World Cup, and Formula One Miami, as well as leading yacht shows in the United States.
