

JET AVIATION TO HANDLE CUSTOMER DEMONSTRATION FLIGHTS AT SINGAPORE AIRSHOW 2018

News / Business aviation, Events / Festivals

Jet Aviation has been appointed by Experia Events to exclusively handle all Customer Demonstration Flights at Singapore Airshow 2018. Experia Events is the official organizer of Singapore Airshow 2018, Asia's largest Aerospace event. Singapore Airshow will be held at Changi Exhibition Centre from 6-11 February, 2018.

“Guests and participants at the Singapore Airshow have varying objectives, but a key purpose of any airshow is to provide aviation professionals and enthusiasts the opportunity to learn first-hand how an aircraft looks and feels and what it is capable of,” said John Riggir, general manager of Jet Aviation's MRO and FBO facility in Singapore and vice president of the company's operations in Asia. “Whether one is buying or selling, a Customer Demonstration Flight provides a very tactile experience of the aircraft, which can leave a lasting impression. This is the second time Experia Events has honored Jet Aviation by appointing us the exclusive handler for these often decisive trial flights.”

Experia Events Managing Director Mr. Leck Chet Lam, said, “We have worked with Jet Aviation for many years and appreciate their seamless customer handling. Our goal is to provide an exceptional Singapore Airshow experience for all show visitors, and we selected Jet Aviation to handle all the Customer Demonstration Flights due to their high industry standards and

professionalism. We look forward to working with them again at this year's Singapore Airshow.”

The Jet Aviation FBO in Singapore received registration to the IS-BAH™ Standard in December 2016 and is currently preparing for IS-BAH Stage II.

Jet Aviation is present at Singapore Airshow from February 6 - 11, 2018. Please take the time to visit our Chalet (#CD45).
