

MACE 2022 - SHARED PASSION FOR AVIATION - CLARE AGIUS

News / Business aviation, Events / Festivals

Presenting and moderating a conference is a responsibility, in a way it is the presenter who sets the tone and rhythm of the event. Malta Aviation Conference and Expo is fortunate to be in the hands of Clare Agius, who shares a passion for aviation and has a keen interest in industry trends and news.

50skyshades took a moment just before the kick off of the second day of MACE to ask Clare a few questions.

It's a pleasure to share our conversation with you, click on the photo and enjoy the video:

Besides acting, TV presenting and producing, Clare dreamed since a young age about becoming a pilot. Although this career did not materialise, she never lost the passion for flying and in August 2009 completed her studies and proudly earned her wings with the Malta School of Flying.

Clare is the co-producer of Airborne - Malta's first and only documentary series on aviation. Thirty minutes of action, jet noise and aviation history brought to you by the pilots, engineers, specialists and historians. To find out more follow @airbornetvseries.

Very much looking forward to discuss more with Clare and discover a part of Malta aviation history during 5th edition of Malta Aviation Conference and Expo.

10 OCTOBER 2022
