

ALSIM AL250 FOR HARFORD AIR SERVICES

News / Maintenance / Trainings

Harford Air services based at Harford County Airport in Churchville, Maryland, USA, has acquired an ALSIM AL250 simulator. The ALSIM AL250 is a generic and compact simulator for single & multi engine piston training (PPL, IR and CPL) with both analogue and glass flight decks. Harford Air's AL250 has a real Garmin GTN650 and is FAA certified AATD. With more than 60 installed worldwide, and a growing number in the United States, the AL250 is proven to be cost-effective, and clearly shows markedly better mastery of flight maneuvers and procedures, with students learning faster.

Harford Air is a FAA part 141 VA flight school and a partner with the Community College of Baltimore County. They have a diverse fleet of aircraft including a Cessna 162, 172s, a Citabria, and a Piper Arrow. The only flight school in Harford County, Maryland, the company has spent recent years expanding and modernizing their air field and fleet. When you train with Harford Air, you not only will you receive top quality aviation education, but you will become part of the community.

Kevin Hess Founder of Harford Air says: "After first seeing and flying the AL250 simulator at EAA Airventure Oshkosh, our AL250 will be a welcome new addition in our new hangar. With the real aircraft feel, real Garmin avionics, easy to use and reliable, I know it will be a great learning and training tool for all our students and instructors no matter their level of proficiency or number of hours flown."

Dr Scott Firsing from Alsim's North America office adds: "We are thrilled to be a part of a growing organization like Harford. From the moment you speak to Kevin and the team, you feel their love for aviation and how they want to share it with other people. I'm excited because I know everyone from the most experienced CFIs to the student just starting ground school will all love the highly versatile and immersive AL250 device."

Located in the heart of Harford County you will find Harford Air Services- Harford County's ONLY flight school. We are conveniently located at the Harford County Airport, just minutes away from I-95 and historic Havre de Grace. Established in 1996 by Kevin Hess, our mission is to further aviation in our lovely county by making flight training accessible and fun for everyone.

We provide top quality flight education in well maintained equipment within an energetic, fun, family atmosphere as well as an excellent mechanic shop for all your aircraft maintenance needs.
