

MAEL TO PROVIDE LINE MAINTENANCE FOR GAINJET

News / Maintenance / Trainings

[Monarch Aircraft Engineering \(MAEL\)](#) has signed a contract with Greek charter airline **GainJet** Aviation to provide line maintenance support for its 757-200 aircraft.

MAEL will carry out the work at Birmingham Airport and the agreement marks the first time GainJet has worked with the UK-based MRO.

Athens-headquartered GainJet currently operates a fleet of eight aircraft, which along with the [757](#), also includes two 737s, one MD-87, two Gulfstreams and two Bombardier aircraft.
