

STTS, EXTENDS ITS SERVICE OFFERING AND BUILDS NEW PAINTING HANGARS IN TOULOUSE

News / Maintenance / Trainings

STTS, (a Finaero company) leading expert in aircraft painting & sealing announces the launch of three purposely built paint hangars at its **Toulouse** Blagnac sites.

In order to respond to growing market demand, STTS is investing in a 60 million euros project that will accommodate three further painting bays, more specifically:

Two 10.000m² hangars accommodating wide body aircraft and

One 2600m² hangar dedicated to narrow body aircraft.

Christophe Cador, President of STTS said, “Being the partner of our customers for us is key. In extending our service offering we are answering to their growing demand. The new state-of-the-art painting bays will gradually enter into operation starting Q3 of 2016”.
